INSTRUCTOR

Kim Barthel, OTR

Kim Barthel, BMR, OTR, C/NDT is a world-renowned teacher and occupational therapist, actively supporting multi-disciplinary function and healing in many cultures. A pioneer in reinforcing the importance of relationship in therapy, she is known for blending cutting-edge

developments in neuroscience with the art of compassionate inquiry. With 30+ years as an OT, Kim's specialties include Neuro-Developmental Treatment, Sensory Processing, Complex Behavior, Autism, Mental Health, Trauma Informed Practice, and Attachment. To empower personal reflection, she recently co-authored the national best-seller Conversations with a Rattlesnake with NHL hockey legend Theo Fleury. Kim's mission is to support the conscious evolution of the human spirit.

Kim has had a vast experience in working with children since 1984. She is an advanced NDTA-OT Instructor, an author, consultant and co-owner of Relationship Matters Consultancy Inc. She offers workshops and mentorships to therapists in North America, Europe and across Asia. Kim's personal continuing education reveals a passion for connecting with children with special needs and using the most up-to-date research in developing her therapy process.

Mary Bridge Children's Therapy Services

Mary Bridge Children's Therapy Services provides early, comprehensive interdisciplinary diagnostic evaluations, individual therapy, educational and social services and follow up care for children with developmental deficits and neurological disorders.

Beyond Weight Bearing: Developing Upper Extremity Function in Children and Adolescents

COURSE DESCRIPTION

OT's and PT's working with children experiencing neurological challenges will benefit from participation in this intensive upper extremity workshop. Content will focus on the characteristics of development of upper extremity use and grasp and manipulation in functional daily activities.

UPON COMPLETION OF THIS COURSE, YOU WILL BE ABLE TO:

- Gain knowledge of the motor, sensory, cognitive and behavioral foundations for use of arm and hands for support, contact grasp and manipulation.
- Observe and identify essential postural, sensory and perceptual elements necessary to use the arms and hands functionally.
- Identify missing elements in children with developmental, neuro-motor or sensory processing challenges.
- Set goals, plan treatment and identify strategies to optimize strengths and minimize barriers to performance.
- Apply the knowledge and skills learnt to improve upper extremity function of children in daily activities.

COURSE INFORMATION:

September 13, 2018

- 8:30am** The Neurobiology of upper extremity function
- 10:15am** Break
- 10:30am** When in Doubt Treat the Trunk! Postural Contributions to Upper Extremity Function
- 12:00pm** Lunch (on your own)
- 1:00pm** Trunk Lab
- 2:30pm** Break
- 2:45pm** Treatment Demonstration
- 4:00pm** Discussion
- 4:30pm** End of Day

September 14, 2018

- 8:30am** Transition from stable posture to loading the upper extremity: Lab
- 10:15am** Break
- 10:30am** Shoulder Girdle Function and Reach
- 12:00pm** Lunch (on your own)
- 1:00pm** Treatment demonstration: Shoulder/Forearm
- 2:30pm** Break
- 2:45pm** Elbow, forearm and wrist: Missing links in placement of the hand
- 3:30pm** Forearm Lab
- 4:30pm** End of Day

September 15, 2018

- 8:30am** The Hand and Grasp
- 10:15am** Break
- 10:30am** Treatment of the Hand lab
- 12:00pm** Lunch (on your own)
- 1:00pm** Manipulation skills: Understanding the motor control of manipulation
- 2:30pm** Break
- 2:45pm** Treatment of the Hand Demonstration
- 4:00pm** Developing treatment strategies specific to manipulatory function in daily activities
- 4:30pm** End of Day

COURSE AGENDA:

19.5 hours/1.95 CEUs, 19.5 hours Face to Face instruction

GENERAL INFORMATION

Where: Mary Bridge Children's Therapy
402 15th AVE SE
Puyallup, WA 98372

When: September 13-15, 2018

Cost: Early Bird Rate (by 8/1/18) \$595
Regular Rate \$635

Credit: 19.5 Education Contact Hours (1.95 CEU's)

Intended Audience:
PTs, PTAs, OTs, & COTAs
